I, the undersigned, the supplier of the product listed below, declare that the device Bento Lab is a Portable Electronic Device (PED) that meets the requirements for safe carriage in both hand luggage and hold luggage based on the International Civil Aviation Organisation (ICAO) Technical Instructions for the Safe Transport.

The device does not contain any batteries. I attest that the device does not contain any components classified as dangerous goods, such as lithium batteries or flammable materials.

The product is a unique mobile system for DNA analysis that combines multiple pieces of miniaturised laboratory equipment in a single portable device.

I undertake to make available any further supporting documents required.

A handwritten signature in black ink, appearing to read "BW", with a long horizontal line extending to the right.

Bethan Wolfenden  
Director, Bento Bioworks Ltd
